“Helping you be you in this social world we live in”

SPRING 2 SESSION 2021

VIRTUAL SOCIAL SKILLS GROUPS

Our Spring 2 Session will be a remote learning opportunity. Each meeting you or your student has, with the group instructor and other group members, will be completed in a virtual classroom via the Zoom app.

While we understand that face to face instruction is generally the preferred method of learning, with the COVID-19 outbreak still necessitating a high amount of social distancing, we feel that we can't safely offer a group learning experience right now. After many months of teletherapy, our Spectrum team has learned to make the best of this virtual world of learning and we are excited to be able to still offer social skills learning. We have found that remote learning opens up many new content areas for learning, and expect that you or your student will still receive the same high quality, although different, benefits from Spectrum's group.

Groups will be one hour in duration and the weekly schedule will be planned based on participant availability.

We recognize that virtual learning is not appropriate for all of our students. Please reach out to your group administrator to determine if virtual instruction may be a good fit for you or your student.

Dates and Tuition
